DEFAULT DECISION
AND ORDER

[Gov. Code, §11520]

16
17 On or about June 22, 2017, an employee of the Medical Board of California (Board), sent
18 by certified mail a copy of the Accusation No. 800-2017-032036, Statement to Respondent,
19 Notice of Defense in blank, Request for Discovery, and Government Code sections 11507.5,
20 11507.6, and 11507.7 (all referred to as the "Accusation Packet") to Christopher J. Jensen, M.D.
21 (Respondent) at his address of record with the Board, which was and is 2485 Chief William
22 Drive, Suite 100, Fairbanks, AK 99709. The U.S. Postal Service Track and Confirm search
23 results indicate service of the Accusation Packet was delivered on June 27, 2017. (Exhibit
24 Package, Exhibit 1: Accusation Package, Declaration of Service, and U.S. Postal Service Track
25 and Confirm search results.)¹

26 Respondent did not respond to the Accusation. On or about July 26, 2017, an employee of
27 the Attorney General's Office sent by certified mail to Respondent at his address of record, a

1 Courtesy Notice of Default, advising Respondent of the Accusation, and providing Respondent
2 with the opportunity to request relief from default. The U.S. Postal Service Track and Confirm
3 search results indicate the Courtesy Notice of Default was delivered on August 1, 2017 (Exhibit
4 Package, Exhibit 2: Courtesy Notice of Default, Declaration of Service, and U.S. Postal and
5 Service Track and Confirm search results.) The Board has not received a response to the
6 Accusation Packet mailed by certified mail, and Respondent has not filed a Notice of Defense. As
7 a result, Respondent has waived his right to a hearing on the merits to contest the allegations
8 contained in the Accusation.

9 FINDINGS OF FACT

10 I.

11 Complainant Kimberly Kirchmeyer is the Executive Director of the Medical Board of
12 California, Department of Consumer Affairs. The charges and allegations in Accusation No. 800-
13 2017-032036 were at all times brought and made solely in the official capacity of the Board's
14 Executive Director.

15 II.

16 On or about February 8, 2013, the Board issued Physician's and Surgeon's Certificate No.
17 A124522 to Respondent. The Physician's and Surgeon's Certificate expired on January 31, 2017,
18 and has not been renewed. The license is in delinquent status. (Exhibit Package, Exhibit 3:
19 Certificate of Licensure)

20 III.

21 California Business and Professions Code section 118 states, in pertinent part:

22 "(b) The suspension, expiration, or forfeiture by operation of law of a license issued by a
23 board in the department, or its suspension, forfeiture, or cancellation by order of the board or by
24 order of a court of law, or its surrender without the written consent of the board, shall not, during
25 any period in which it may be renewed, restored, reissued, or reinstated, deprive the board of its
26 authority to institute or continue a disciplinary proceeding against the licensee upon any ground
27 provided by law or to enter an order suspending or revoking the license or otherwise taking
28 disciplinary action against the license on any such ground."

1 California Government Code section 11506 states, in pertinent part:

2 "(c) The respondent shall be entitled to a hearing on the merits if the respondent files a
3 notice of defense, and the notice shall be deemed a specific denial of all parts of the accusation
4 not expressly admitted. Failure to file a notice of defense shall constitute a waiver of
5 respondent's right to a hearing, but the agency in its discretion may nevertheless grant a hearing."

6 Respondent failed to file a Notice of Defense within 15 days after service upon him of the
7 Accusation, and therefore waived his right to a hearing on the merits of Accusation No. 800-
8 2017-032036.

9 California Government Code section 11520 states, in pertinent part:

10 "(a) If the respondent either fails to file a notice of defense or to appear at the hearing, the
11 agency may take action based upon the respondent's express admissions or upon other evidence
12 and affidavits may be used as evidence without any notice to respondent."

13 Pursuant to its authority under Government Code section 11520, the Board finds
14 Respondent is in default. The Board will take action without further hearing and, based on
15 Respondent's express admissions by way of default and the evidence before it, contained in
16 exhibits 1, 2 and 3, finds that the allegations in Accusation No. 800-2017-032036 are true.

17 IV.

18 The allegations of the Accusation are true as follows:

19 On or about March 3, 2017, the Alaska State Medical Board issued a Board Ordered
20 Summary Suspension, suspending Respondent's license to practice medicine in Alaska until such
21 time as Respondent can demonstrate to the Board that he is fit to practice medicine safely. The
22 Board Ordered Summary Suspension was based on findings that Respondent posed a clear and
23 immediate danger to the public health and safety if he continues to practice medicine and ordered
24 Respondent to submit to psychiatric, psychological and medical evaluations, including
25 submission of biological fluids as deemed appropriate. The Board Ordered Summary Suspension
26 stemmed from allegations filed against Respondent in Accusation No. 2017-000131: (1) chronic
27 cocaine use and long-term marijuana use, and positive urinalysis for cocaine and THC
28 (marijuana); (2) unfit to practice based on physical or mental disability derived from diagnosis of

1 stimulant induced psychosis, polysubstance dependence, and unspecified depression; and (3)
2 failure to report to the Alaska State Medical Board or the Board's representatives that
3 Respondent's hospital privileges had been denied, revoked, suspended, or limited by a hospital or
4 health care facility for disciplinary reasons by the physician in charge. (Exhibit Package, Exhibit
5 1: Accusation No. 800-2017-032036, Exhibit A.)

6 DETERMINATION OF ISSUES

7 Pursuant to the foregoing Findings of Fact, Respondent's conduct and the action of the
8 Alaska State Medical Board as set forth in the Findings of Fact above, constitute cause for
9 discipline within the meaning of Business and Professions Code sections 2305 and/or 141.

10 DISCIPLINARY ORDER

11 IT IS SO ORDERED that Physician's and Surgeon's Certificate No. A124522, heretofore
12 issued to Respondent Christopher J. Jensen, M.D., is revoked.

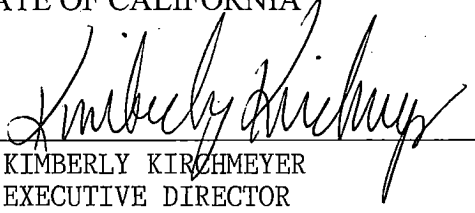

13 Respondent shall not be deprived of making a request for relief from default as set forth in
14 Government Code section 11520, subdivision (c), for good cause shown. However, such showing
15 must be made in writing by way of a motion to vacate the default decision and directed to the
16 Medical Board of California at 2005 Evergreen Street, Suite 1200, Sacramento, CA 95815 within
17 seven (7) days after service of the Decision on Respondent.

18
19 This Decision shall become effective on SEPTEMBER 28, 2017 AT 5:00 P.M.

JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the Board deems proper.

5. Section 2305 of the Code states:

"The revocation, suspension, or other discipline, restriction or limitation imposed by another state upon a license or certificate to practice medicine issued by that state, or the revocation, suspension, or restriction of the authority to practice medicine by any agency of the federal government, that would have been grounds for discipline in California of a licensee under this chapter shall constitute grounds for disciplinary action for unprofessional conduct against the licensee in this state."

6. Section 141 of the Code states:

"(a) For any licensee holding a license issued by a board under the jurisdiction of the department, a disciplinary action taken by another state, by any agency of the federal government, or by another country for any act substantially related to the practice regulated by the California license, may be a ground for disciplinary action by the respective state licensing board. A certified copy of the record of the disciplinary action taken against the licensee by another state, an agency of the federal government, or another country shall be conclusive evidence of the events related therein.

"(b) Nothing in this section shall preclude a board from applying a specific statutory provision in the licensing act administered by that board that provides for discipline based upon a disciplinary action taken against the licensee by another state, an agency of the federal government, or another country."

Case No. 2017-000131

BOARD ORDERED SUMMARY SUSPENSION

Upon the petition of the State of Alaska, Department of Commerce, Community and Economic Development, Division of Corporations, Business and Professional Licensing (Division") for Summary Suspension of Physician License, and upon the evidence presented by the Division, the Alaska State Medical Board ("Board") finds that Dr. Christopher J. Jensen, M.D., poses a clear and immediate danger to the public health and safety if he continues to practice medicine. The Board hereby orders, pursuant to AS 08.64.331(c), the summary suspension of Christopher Jensen's physician license in Alaska, number MEDS6676.

In accordance with AS 08.64.338, for the purposes of the Division's investigation in these matters, the Board orders Jensen to submit to psychiatric / psychological and medical evaluations, including the submission of biological specimens as deemed appropriate, to determine his ability to practice medicine in a manner consistent with public safety in Alaska. The evaluations shall be conducted by physicians or other practitioners designated by the Board's agent, at a time, date, and location to be determined by the Division, and must be completed within sixty days from the effective date of this Order. The Division shall provide the practitioner(s) conducting the evaluations with materials from the investigative files in this matter as deemed appropriate by the Division.

It is further ordered that, Dr. Jensen's license to practice medicine in Alaska will remain suspended, until such time as Dr. Jensen can demonstrate to the Board that he is fit to practice in a manner consistent with public safety.

ACCUSATION

This Accusation initiates a proceeding pursuant to AS 08.01.075, AS 08.64.331, and AS 08.64.326 to suspend, revoke, or impose other disciplinary sanctions against the physician license issued by the State of Alaska to Christopher J. Jensen (Jensen).

Petitioner, Janey Hovenden, Director, Division of Corporations, Business and Professional Licensing, Department of Commerce, Community and Economic Development, State of Alaska ("Division"), acting in her official capacity, and on information and belief, alleges:

1. Jensen currently holds physician license MEDS6676, which was originally issued on October 23, 2009, and which will expire, unless renewed, on December 31, 2018.

2. On February 10, 2017, the Division received a call from Fairbanks Memorial Hospital reporting substance abuse and an incident of psychosis by Dr. Christopher J. Jensen, Chief of Staff at the hospital. During the call, it was reported Jensen was taking a leave of absence from the hospital and was not practicing at the

Board No. 2017-000131

1 hospital. The Division requested more information and asked for a complaint packet to
2 be completed.

3 3. On February 15, 2017, the Division received a completed complaint
4 packet from Fairbanks Memorial Hospital. The packet included the psychiatric
5 consultation report of Vanessa Venezia, M.D., Psychiatrist, for Jensen on January 18,
6 2017. According to the report, Jensen believed his house was under attack from
7 government drones. Jensen fled his home in a sweatshirt, underpants and socks, in -40
8 degree weather. Jensen flagged down a school bus because he believed he was under a
9 threat from the government. The Alaska State Troopers arrived at the scene and
10 provided a medical assist mental health transport of Jensen to Fairbanks Memorial
11 Hospital.
12

13
14 4. Dr. Venezia performed a psychiatric consultation with Jensen at
15 Fairbanks Memorial Hospital on January 18, 2017. During the consultation, Jensen
16 admitted to increasing paranoia over the past two weeks and described different
17 instances in which he believes there is clear evidence of the world ending. Jensen also
18 admitted to depressive symptoms for the past several months. Jensen asserted he was
19 prescribed Lexapro by his father, who is a psychiatrist, to help aid with his depression.
20

21 5. Jensen submitted to a urinalysis which tested positive for cocaine and
22 THC (marijuana). In the psychiatric consultation with Dr. Venezia, Jensen admitted
23 intranasal chronic cocaine use and long-term marijuana use. Jensen admitted to using
24 cocaine to help with focus, concentration and energy. Jensen said he used caffeine
25
26

1 during the day, instead of cocaine, for similar purposes. The results of the urinalysis
2 were included in the complaint packet.

3 6. Jensen was diagnosed with stimulant induced psychosis, polysubstance
4 dependence (cocaine and marijuana), and unspecified depression. Jensen was referred,
5 and accepted, to Sierra Tucson Residential Treatment Center to participate in their dual
6 diagnosis program.

7
8 7. The Medical Staff Office of Fairbanks Memorial Hospital initiated a
9 leave of absence for Jensen based on the findings of his exam on January 18, 2017.
10 Jensen does not have hospital privileges because he is on a leave of absence. The
11 resolution for Jensen to regain privileges depends on any action taken with the Alaska
12 State Medical Board, and will involve monitoring and a treatment plan which will be
13 monitored with the hospital's Wellness Committee.

14
15 8. On January 19, 2017, Jensen emailed the Alaska State Medical Board to
16 report he was taking "a voluntary mental health break upon the recommendation of a
17 psychiatrist at Fairbanks Memorial Hospital." Jensen stated he was following her
18 recommendation to attend a treatment center in Tucson, Arizona. Jensen did not
19 disclose his illegal drug use, depression, or that he was referred to a dual diagnosis
20 substance abuse and mental health treatment program.

21
22 9. On January 20, 2017, Dr. Venezia received a call from Jensen who stated
23 he had an evaluation with Sierra Tucson and that his psychosis was induced by his
24 Ambien use. This was the first time Jensen reported using Ambien. Jensen told Dr.
25 Venezia that he is a very important member of the community as he is the only
26

1 practicing plastic surgeon. Jensen told Dr. Venezia he wished to remain as Chief of
2 Staff at Fairbanks Memorial Hospital and that he was \$3.5 million dollars in debt and
3 must return to work in 14 days or he would go bankrupt. Jensen and asked Dr. Venezia
4 if there was any way she could prevent any action from being take on his medical
5 license.

6
7 10. On January 25, 2017, Dr. Venezia received another call from Jensen
8 stating he left treatment at Sierra Tucson after only four days because he believed his
9 psychotic episode was due to Ambien use. Jensen did not successfully complete
10 treatment. At the time of this phone call, Jensen reported he was not under the care of a
11 psychiatrist.

12
13 11. On February 22, 2017, Investigator Lipker attempted to contact Jensen
14 and was informed by his administrative assistant that Jensen was performing surgery.
15 Investigator Lipker certified mailed a Notice of Complaint to Jensen.

16
17 12. On February 23, 2017, Investigator Lipker spoke with Jensen by phone
18 concerning the complaint received from Fairbanks Memorial Hospital. Jensen asked
19 who submitted the complaint and insisted that it was against hospital bylaws that the
20 hospital had reported the incident to the State Medical Board. Jensen stated the hospital
21 specifically told him it would not report the incident, and that the hospital has a plan
22 that he is following to resolve the incident. Pursuant to AS 08.64.336(b), a hospital that
23 revokes, suspends, conditions, restricts, or refuses to grant hospital privileges to, or
24 imposes a consultation requirement on, a person licensed to practice medicine or
25 osteopathy in the state shall report to the board the name and address of the person and
26

Accusation

Board No. 2017-000131
Page 4 of 8

1 the reasons for the action within seven working days after the action is taken. A
2 hospital shall also report to the board the name and address of a person licensed to
3 practice medicine or osteopathy in the state if the person resigns hospital staff
4 privileges while under investigation by the hospital or a committee of the hospital and
5 the investigation could result in the revocation, suspension, conditioning, or restricting
6 of, or the refusal to grant, hospital privileges, or in the imposition of a consultation
7 requirement. A report is required under this subsection regardless of whether the
8 person voluntarily agrees to the action taken by the hospital. Jensen said he had a
9 nervous breakdown because he was overwhelmed and due to Ambien use. Jensen
10 asserted he is fine to practice and nothing is wrong. Jensen did not discuss the use of
11 cocaine or marijuana. Jensen said he was not asked to leave; he voluntarily took a leave
12 of absence from the hospital and is currently working at his private practice.
13
14

15 13. On February 23, 2017, this matter was reviewed by a licensed member of
16 the Board.

17 COUNT I

18 14. The reviewing Board member found that Jensen tested positive for
19 cocaine and marijuana use, as evidenced by Jensen's report of his use and the
20 urinalysis. Jensen asserted to Dr. Venezia he uses cocaine and marijuana on a regular
21 basis. Cocaine is an illegal substance. Thus, Jensen is using an illegal substance.
22

23 15. Jensen was referred to Sierra Tucson Residential Center for substance
24 abuse treatment. Jensen was admitted to the program and spent four days at the center.
25 Jensen discharged himself before completing the program. Jensen asserted to Dr.
26

1 Venezia that his psychotic episode on January 18, 2016, was due to Ambien use and
2 feeling overwhelmed. Dr. Venezia noted Jensen had poor insight into the role that
3 illicit substances played in his behavior.

4 16. The Division contacted Jensen regarding the January 18, 2016, incident,
5 and Jensen asserted he had a nervous breakdown due to Ambien use. Jensen did not
6 discuss the use of cocaine or marijuana.

7
8 17. Based on the forgoing, including his admission of chronic cocaine use
9 long-term marijuana use, and positive urinalysis, Jensen has violated AS
10 08.64.326(a)(8)(B) (addiction to, severe dependency on, or habitual overuse of alcohol
11 or other drugs that impairs the licensee's ability to practice safely), 12 AAC
12 40.967(18)(A) (using alcohol or other drugs to the extent that the use interferes with
13 professional practice function of the licensee or endangers the safety of patients), and
14 12 AAC 40.967(18)(B) (using alcohol or other drugs this is illegal under state or
15 federal law), which is grounds for discipline pursuant to AS 08.64.331.
16

17 COUNT II

18 18. Paragraphs 1 through 17 are realleged.

19
20 19. Jensen was diagnosed with stimulant induced psychosis, polysubstance
21 dependence, and unspecified depression. Jensen was referred to Sierra Tucson
22 Residential Treatment Center to participate in their dual diagnosis program. Jensen
23 was admitted to the program, but left after only four days. Jensen discharged himself
24 before completing the program. It is unknown if Jensen is currently receiving any
25 psychiatric care.
26

Accusation
In the Matter of Christopher J. Jensen.

Board No. 2017-000131
Page 6 of 8

20. Jensen's above described conduct violates AS 08.64.326(a)(8)(C)
(unfitness because of physical or mental disability) which is grounds for discipline
pursuant to AS 08.64.331.

COUNT III

21. At the time of the incident, Jensen was Chief of Staff at Fairbanks
Memorial Hospital. After Dr. Jensen's stimulant induced psychotic break, Fairbanks
Memorial Hospital asked Dr. Jensen to take a leave of absence. Dr. Jensen is no longer
Chief of Staff at the hospital. Dr. Jensen did not provide this information to the
Division.

22. Dr. Jensen emailed the board on January 19, 2017 to report he was
"taking a voluntary mental health break upon recommendation of a psychiatrist," but
did not disclose his use of illicit substances, describe the incident leading to his
evaluation at Fairbanks Memorial Hospital, or identify that he was referred to a dual
diagnosis substance abuse and mental health treatment program.

23. On January 20, 2017, Dr. Jensen called Dr. Venezia and asked her what
she could do to prevent any action from being taken on his medical credentials.

24. On February 23, 2017, during a phone call with the Division investigator,
Dr. Jensen asked who submitted the complaint against him and insisted that it was
against hospital bylaws that the hospital had reported the incident to the State Medical
Board. Dr. Jensen stated the hospital specifically told him it would not report the
incident, and that the hospital has a plan that he is following to resolve the incident. To

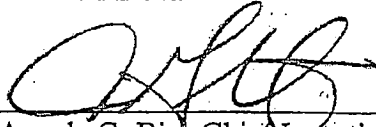

1 date, Dr. Jensen has not provided the Board the hospital's "plan to resolve the
2 incident."

3 25. 12 AAC 40.967(20) requires a licensee to report to the board or the
4 board's representatives that the licensee's hospital privileges have been denied,
5 revoked, suspended, or limited by a hospital or other health care facility for
6 disciplinary reasons by the physician in charge. Dr. Jensen's failure to report is grounds
7 for discipline pursuant to AS 08.64.331.
8

9 WHEREFORE, in accordance with AS 08.01.075, AS 08.64.326, and
10 AS 08.64.331, the Division respectfully requests that the Board, based on the
11 individual Counts and the totality of the Counts alleged herein, revoke, suspend or
12 impose other sanctions within its lawful authority which the Board deems just and
13 proper against physician license MEDS6676 held by Jensen.
